

# Experience sailing.

If you are over 16 years of age and interested in trying sailing then Ribble Cruising Club can help you.

## Cruiser Sailing

Club members are often looking for able-bodied people to crew on their yachts when they sail on the river or, if and when you are more experienced, further afield in the Irish Sea. If you are interested in 'big' boat sailing then make contact with the club using one of the contact methods below.

## Dinghy Sailing

If you are interested in sailing dinghies then Ribble Cruising Club can arrange for you to experience sailing during a series of Wednesday Evening sessions, through the summer at Fairhaven Lake. If you already have sailing experience and would like to try sailing on the river accompanying an experienced helmsman then the club can arrange sessions on alternate Saturday's during the Summer.

If you just enjoy being on the water and would like to help in some way with the support activities, possibly learning useful rescue skills then Ribble Cruising Club can also help you.
