

RCC Trailer Identification

Compiled by Peter Pollock, 29th July 2018

Mirror 66062
– Owned by
Richard
Elsdon

Trailer previously from the white dory – to be taken by Martin Oldroyd to be adapted for another use.

Osprey 1256
– Legal Eagle.
Under repair
by Don, Andy,
& Willy

Mirror – Club Boat
(previously Tattersal's
Mirror), combi-trailer.
Boat is on matching
trolley.

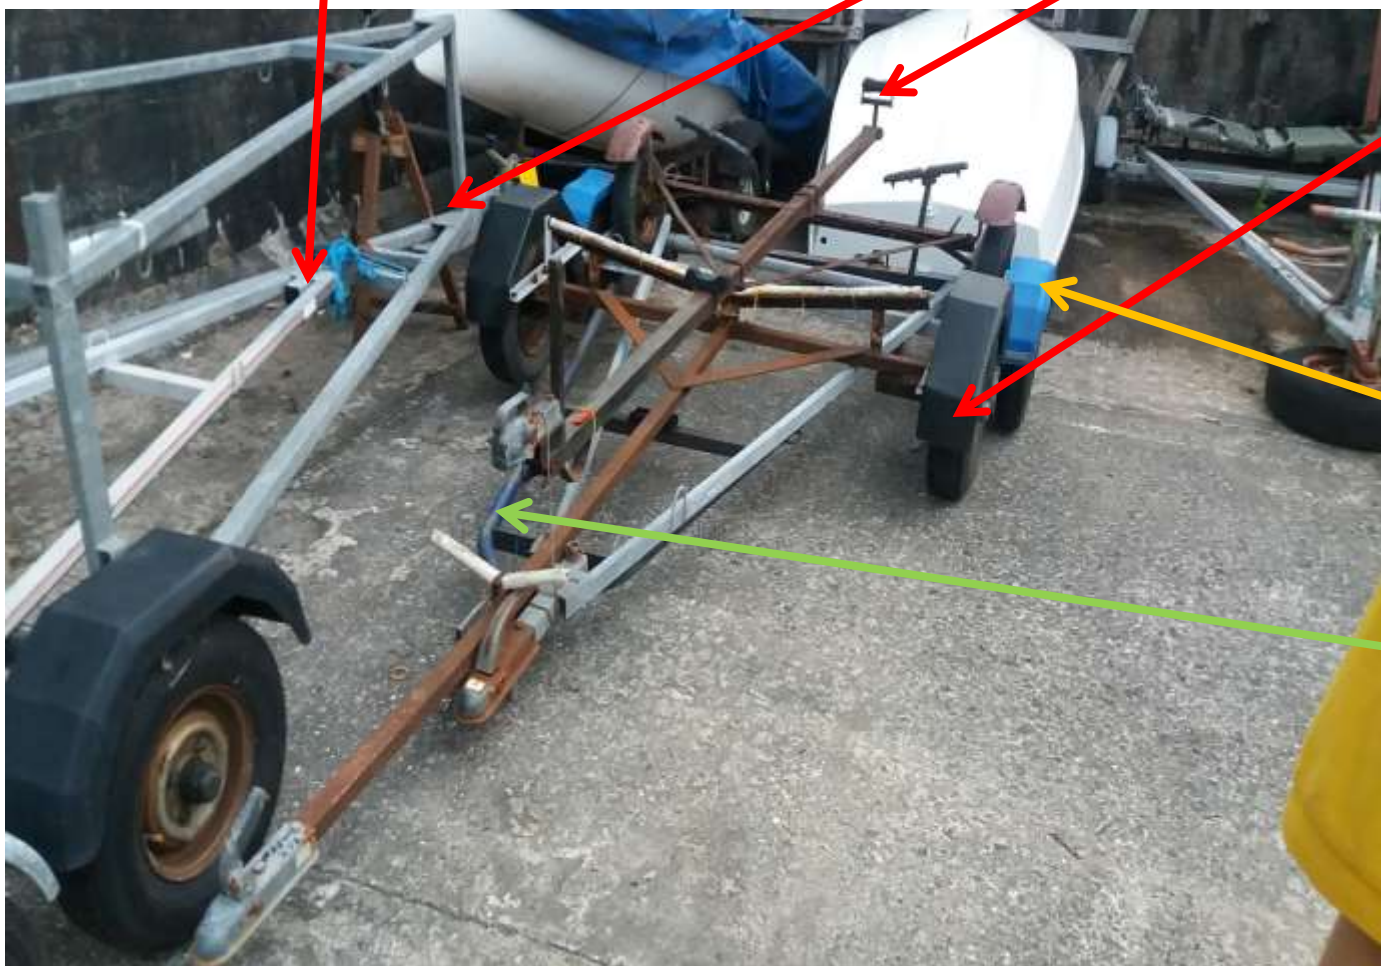

Laser 167777 – Double stack road
base, owned by Peter Pollock.
Usable for club Toppers. Yellow
hitch lock is requirement of
insurance. Keys held by Peter
Pollock/Charlotte Smith

Gull – Club Boat (original
road base). Central
rollers, metal wheel
arches

Mirror – Club Boat road
base, fits best with
plastic Mirror (launching
trolley goes on top of
the boat). Black plastic
wheel arches.

Mirror 66062 – Road
base owned by Richard
Elsdon. Blue wheel
arches.

GP14 – Dark blue road
base belonging to Roy
Lunio. Unusual shape.

Laser 167777 – Double stack road base, owned by Peter Pollock. Usable for club Toppers. Yellow hitch lock is requirement of insurance. Keys held by Peter Pollock/Charlotte Smith

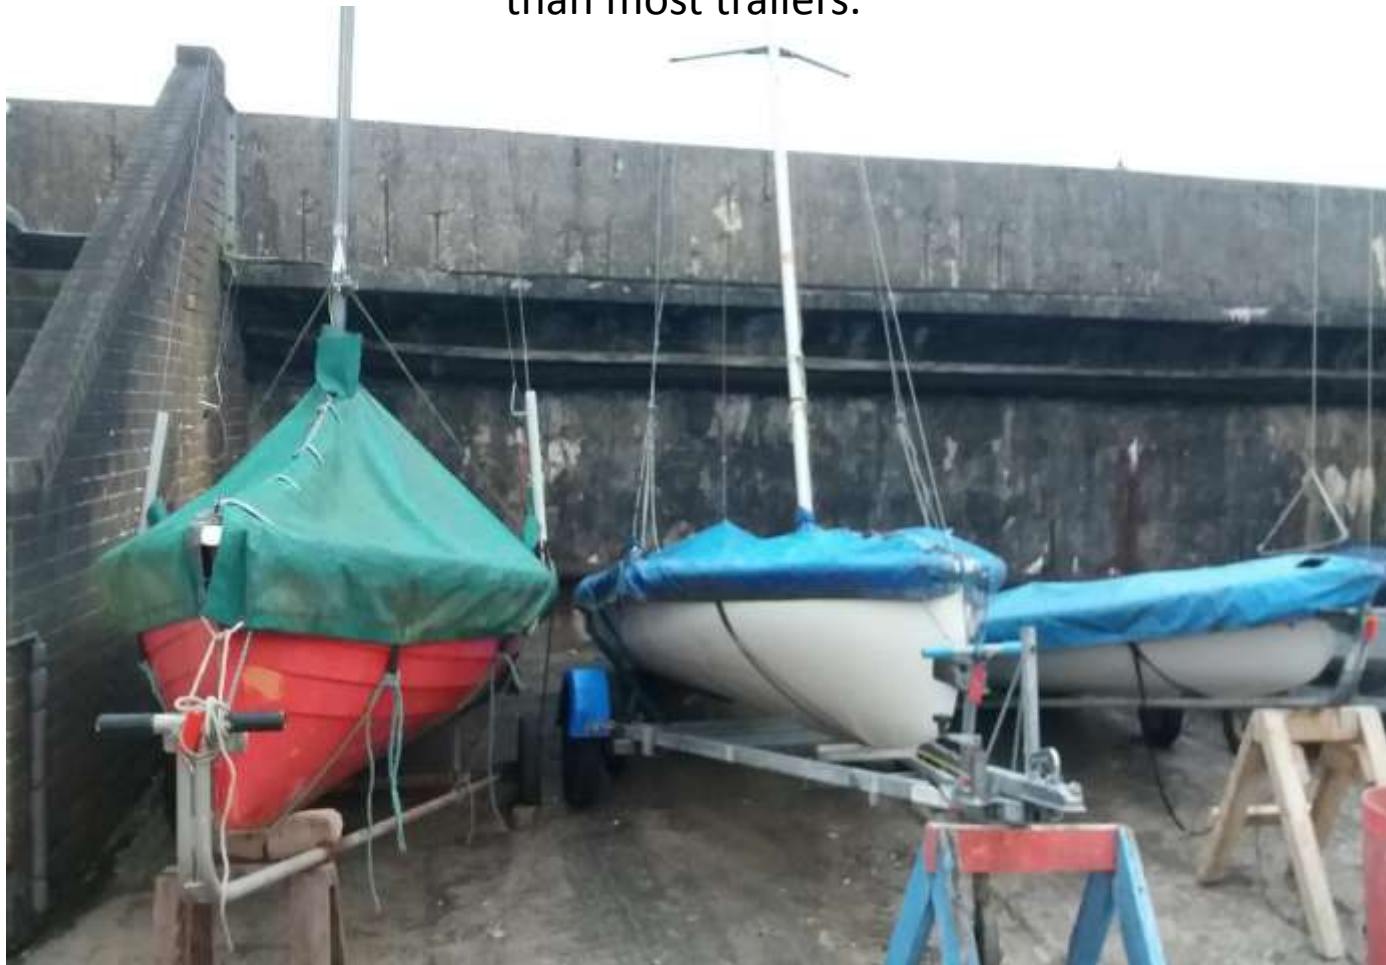

Mirror – Club Boat (previously Tattersal's Mirror), combi-trailer. Boat is on matching trolley.

Willy's Osprey – Numbered on axle

420 – Owned by Richard/Nick
Elsdon. Blue plastic wheel arches.
Mast support bracket based more
than most trailers.

RS Vario – Owned
by Andy Jones

Topper Magno – Club owned.
Identifiable by white plastic ends
on the rear roller & mast support.
Although the club owns 3 Magnos
we only have 2 road bases.

Mirror – Club owned, metal wheel arches & handles at the forwards end. (Currently with Roy Lunio's GP14 sat on top)

Phantom – Owned by Martin Knott, normally identifiable by considerable padding (foam pipe lagging), mast support & black plastic wheel arches

Albacore – Previously owned by Richard Freeman. Road base has central beam, metal wheel arches, mast support & rounded support under the tow hitch.

RS 400 –
Owned by
Martin Knott

Wayfarer – Owned by Lanigan. New bright metal road base with tall mast support

2000 'Hydrotherapy' – Owned by Richard Elsdon, black plastic wheel arches & wide white plastic covered mast support

2000 – Club owned.
Gunwale hugger launching
trolley. Road base with
metal wheel arches, white
'V' mast support, &
identifiable by long
rectangular fixture below
the tow hitch for
breakaway cable.

2000 – Club owned. Cradle launching trolley. Road base with blue 'U' mast support, & identifiable by semi-circular fixture below the tow hitch for breakaway cable.

Wayfarer – Club owned. Note this road base will also fit one of the club 2000s. Identifiable through black plastic wheel arches, blue 'U' mast support & fixture for jockey wheel on the road base.
