GEORGE WALMSLEY R.I.P.

We have heard that George sadly passed away early on 4th January 2021 after a long illness.

George had been a member for many years latterly as an Associate Member.

The Dock became a second home for George in his retirement and he was a very regular attendee in the Brew Cabin.

Having been a time served mechanic he was always in demand for engine maintenance and helped maintain the Club's equipment. He had a renowned and exhaustive set of tools and was known to his friends as "Spanner George".

His Daughter Carol has confirmed how important his friends and life at the Dock were to him throughout his retirement.

Our thoughts are with his family at this time.

George's Funeral is at St Peter's Lytham on 14th January at 2.00 pm and afterwards at the Crematorium, David Pope at Lytham Funeral Services is looking after the arrangements.
