

RYA North West Training and Development Forum

Re-launch of the Training and Development Forum

The RYA NW Regional Committee will shortly be re-launching the Training and Development Forum using a new format.

The intention will be to hold 3 or 4 meetings during the year at varying venues with more emphasis on practical sessions on and off the water, hopefully providing new or enhanced skills. Reports from the professionals will still be available (on line prior to the meetings) and they will be on hand to answer your queries towards the end of the evening - and of course there will be an opportunity for valuable networking.

It is hoped to spread news of the revamped Forum to a wider audience and we should be pleased if you would pass on details to other members of your club and indeed further afield.

If you wish to be included on the circulation list of the re-launched Forum, please send your details to Dave Eccles, the Forum Secretary at forum@rya-northwest.org.uk.

We would like to take this opportunity to thank Dave Woodhead for his tireless work over many years as Chairman of the Training Forum and hope that he will continue to be heavily involved.

Dates for your Diary

25 April A discussion on the ongoing format of the Forum followed by a session on Rig Tuning and Sail Controls.

18 July A practical evening on the water - a chance to try a range of boats and receive informal coaching.

Times and venues will be advertised with an agenda for the initial meeting.
